The classes in Doon School of Advanced Computing may stretch till late evening and require many group projects and hence students are advised to stay in the campus hostels. However, the day boarding (Rs. 25,000 / Year) is compulsory for B.Tech CS programs other than the final year.

The fee mentioned is for the core Computer Science and Engineering (CSE) program. Students wishing to upgrade to a specialization must pay the additional fee difference, and upgrades depend on seat availability in that specialization. Specialisation like AI, Data Science, and Cyber security often have separate fee structures and limited seats.

Fee is subject to change. For updated fee structure kindly visit www.dgu.ac
